

Electrical Safety and Fire Safety Audit Certificate for Sindhi Institute

This certificate is being issued to **M/S Sindhi Seva Samiti** after having inspected and assessed the premises at No 33/2B, Hebbal Bangalore 560024 over 3 days period from 6th Oct to 8th Oct 2022.

The premises was assessed on the following criterion: -

1. CEA Regulations 2010 for measures relating to Safety and Electrical Supply
2. Thermal imaging of the Electrical Panels, DBs etc
3. Cable and Isolator study of the main distribution system
4. Review of Earthing System
5. Power analysis (Voltage, current, kW, PF, harmonics)
6. Identifying Potential Fire hazards
7. Measures relating to Provisions of Fire Fighting
8. Maintenance and Housekeeping

The findings mentioned in the report are based on the data & information collected during audit period & recommendations are based on Indian and International Standards and Guidelines

Having satisfied on above criterion our team of assessors have certified that the Sindhi Seva Samiti building at the above address has satisfied the requirements for the issue of Electrical and Fire Safety
